

## Risk Management

### Date:

Dec 10, 2012

### Venue:

Dennett House, 11 Middle Street, Taunton, Somerset, TA1 1SH

### Description:

This course is an overview of the key concepts of Risk Management in a business or public organisation. It is based on published industry best practice. In this one day overview all areas will be covered, with an emphasis on practical use in the workplace.

Participants can choose to undertake an assessed activity (Option 2) which, upon successful completion, will lead to 3 credits towards the Certificate in Change Management, accredited by EDI. 13 credits are required for the full Certificate (see Related Courses).

This course is ideal for any staff involved in delivering change, and wish to gain a qualification, for example:

- Directors
- Senior managers
- Programme and project staff
- Staff involved in risk assessment or management
- Programme and Project Office staff
- All business managers

### Aim:

To introduce the basis of Risk Management using industry Best Practice and a practical approach to implementation

### Content:

#### Overview and Principles

The key principles underpinning the effective implementation of risk management including: what is risk, risks in an organisation, a management framework, risk ownership and critical success factors.

#### Framework

- How risk fits into the organisation
- Threats and Opportunities
- Benefits of Risk Management
- Why you should do risk management
- What problems can you avoid

#### Corporate Governance context

- Risk as part of organisation governance
- Attitude to risk in an organisation.

#### Guiding Principles of Risk Management

- The principles of risk management
- Why good risk management is hard
- Difference between risks and issues

#### The Best Practice approach

The four documents which are used to manage risk throughout the organisation. These documents describe how risk is to be carried out in all of the areas of activity.

#### Risk Management Policies

- The guiding document for doing risk management
- Contents
- How to use policies across the organisation
